## New Pattern      New Wools

July and August have been really busy here. The newest issue of Create and Decorate is on the stands. The October issue is full of fun projects!

I created this new pattern from a customer request that had seen the latest issue of Create and Decorate. His name is "Ghostie" and he is a door greeter for the holidays! He is about 14" wide and 6' long. So cute!

I listed him on Ebay and he will be on the website really soon. Really fast and easy because you only hook his face! Yeah! The rest is muslin and cheesecloth.      Have a great month!
