Also, I want to thank my webmaster—Sally Van Nuys— for designing this newsletter. I love it and it is perfect for my little monthly newsies. Sorry for previous newsletters, I kept experimenting on you and I think I have finally found one I like!

Create and Decorate has published the April 2010 and my carrot is one of the features!

The kit and wools are now available on my website.

Wishing you a wonderful month of March! See you next month.....
