Old and New

Well May is here! Spring is in full bloom here in the country and Lacey Jane and I have been scouring the countryside for barks, nuts and flowers. We are working on a new line of wool dyed only with these findings and the results are pretty exciting so far. They are called *Lacey Jane Garden Wools* and hope to introduce them in June or July. Be sure to watch future newsletters for these exciting new wools.

Today we do have a new wool to introduce, called *Heritage Roses*. My wonderful webmaster loaded to the website this week. We think you will find lots of uses for this striking new color!

Heritage Roses

We have also deleted some kits to make room for more. Prairie Santa, Hannah and Her Spooky Chicken, Blessed Guardian Stocking and the Christmas Spirit Stocking.

Lots of exciting changes in store and we hope you will pay a visit to see them!

On to more news—We have deleted quite a few wools from the website and will be adding more in the future, very near future.

The following wools were deleted:

Stormy Skies	Texas Afternoon	Purple Majesty
Rusty Barn	Antique Meadow	Autumn Leaves
Texas Clay	Monument Quartz	Mocha Brownie
Buttermilk	Rose Beige	Galveston Fog
Texas Lavender	Texas Ponds	Texas Spring

We are keeping the recipes, so can still dye them for you if you have a need. But they are no longer available on the website. Just email us!
