New Wools Coming!

Well, March is here!!! Wow! Spring around the corner! Lots of gathering and dyeing. I have been gathering spring leaves and flowers for dyeing the Garden Wools. Soon there will be new wools to choose!

The new Create and Decorate magazine, April 2011 issue, has my newest rug, the 1836 Rabbit. He is easy and fun to hook. Go to the website for wools and the kit.

Winter Trees

Also I am expanding my Woolgatherings Wool. Recently added to the website is Winter Trees. I am adding more soon, be sure to check them out!

Lacey Jane has been out sunning on the deck! She loves warm weather.

Hope you are having a wonderful spring. It is beautiful here, but we really need rain. I fear all the pretty flowers will dye soon.

Next newsletter will feature more new wools.

Happy Spring!
